Appeal for Donations.

Alhamdulillah, with the mercy of Allah ﷻ, our Hifz Markaz has been serving the noble cause of Qur'an memorization and Islamic education. "Most of the students in our madrasa come from very poor families. Their parents are daily wage workers or have no stable income, and even they struggle to provide basic needs. Despite these challenges, the children are eager to learn and dedicate themselves to both religious and academic education." Children from various background are provided with the free Islamic and academic learning so, they can grow as righteous Muslims and valuable members of society.

Our Markaz does not have any permanent source of income and it is running only with the valuable donations and support of generous and wealthy Islamic brothers and sisters like you. Your contributions are the backbone of this institute and this can become a sadaqah Jariyah (continuous charity) for you and your families.

We are running a Markaz dedicated to teaching the Qur'an, Hadith, Islamic education and academic studies to children, many of whom come from poor and underprivileged families. At present, we are in great need of your help to continue our daily expenses such as: Food and accommodation for students, Teachers' salaries, Educational materials, books and student's uniforms.

We humbly request your honorable support with whatever Allah has blessed you with. Your generous donation will not only sustain this madrasa but also ensure that the Qur'an continues to be preserved in the hearts of our students. May Allah ﷻ accept your charity, bless your wealth, and make this Sadaqah a light for you in this world and the Hereafter. آمين
